

FARMERS FIGHT
ROADS' RETURN

Washington, D. C., Jan. 27.—Continuance of government control of the railroads for at least two years was asked of president Wilson again today by representatives of farmers' organizations, the American Federation of Labor and the four big brotherhoods. A large delegation composed of many of the same persons who called at the white house last December 27, went to the executive offices with a letter to the president. Sentiment in favor of government operation, the letter said, has increased during the six weeks since the first request was made "until we can accurately state that this is the predominant desire of the farmers and of organized labor forces of most of the states of the union."

The return of the roads, the letter declared, would involve an increase in freight rates of 50 to 60 percent since an additional revenue of close to \$100,000,000 will be needed, which would mean, it was added, "an increase in the cost of living as estimated by your director general of railroads of at least \$1,000,000 a year."

Frank Stanton, secretary of the American Federation of Labor, representing president Gompers, presented the views of the American Federation

NEW MEXICAN PAPER MONEY
UNWELCOME IN CHIHUAHUA

Chihuahua, Mex., Jan. 27.—The news of the issue by the federal government of paper money of small denominations, from 10 cents to 1 peso, has not been well received here by the merchants and general public, as they fear a quick depreciation of that money and also because in all this section of Mexico there is no scarcity of small coins, as there are plenty of American silver and nickel coins imported from the United States and only the Mexican 10, 20 and 50 cent silver coins have disappeared from the market, on account of the high value of the silver.

of Labor and gave detailed data on the cost of living.

At the conclusion of the conference, secretary Tumulty said he would present the matter to the president.

MAKE PLEA FOR
MEXICAN LABOR

Washington, D. C., Jan. 27.—Delegations from Texas cities gathered here Monday to attend a hearing before the house immigration committee on representative Hudspeth's bill to extend the time of admission of Mexican laborers to the southwestern states for one year from last January 1 under the wartime waiver of the immigration laws.

SOLONS' ARGUMENTS STRONG

Representative Hudspeth, Carter and Bee made strong arguments for further admission of the Mexicans. Hudspeth introduced a substitute for his original bill providing that, in addition to the Mexicans, laborers can be admitted from Canada, New Zealand and Cuba. The congressmen urged a favorable report on the bill, declaring the measure that will result to crops in the southwestern states unless sufficient labor is secured. They declared admission of these laborers is imperative if the crops are to be harvested and great loss avoided.

CHIHUAHUA MODIFIES
LEVIES OF STATE TAXES

Chihuahua, Mex., Jan. 27.—Some laws modifying taxes imposed by the Chihuahua state authorities have just been issued. One modifying the state tax on mining, by reducing 2 percent on the value of the metals, but establishing a scale for metals of lower value resulting from a quarter of 1 percent to 1 1/2 percent, according to their richness. The other legal disposition abrogates all taxes paid now for corn, flour, beans and cattle exported from any place inside Chihuahua territory.
